THE ASSEMBLY WILL DISSOLVE

End of Cuban Civic Body is Near.

TO QUIT SATURDAY.

Senor Quesada Has Such Advices.

It Will Clear the Way for an Adjustment of Affairs of the Island.

WASHINGTON, March 23.—Advices from Cuba received by Senor Quesada, which he regards as trustworthy, are to the effect that the Cuban assembly will dissolve before the present week ends, probably on Saturday. Mr. Quesada regards this as a most satisfactory outcome, as the dissolution is brought about voluntarily and without that agitation which enforced action might have caused. It will clear the way, in his judgement, to a pacific ajustment of the affairs of Cuba.

INSANE MOTHER'S DEED.

Murders Her Two Children and Attempts Suicide.

LAGRANGE, Ind., March 23.—This entire community is aghast over a horrible tragedy, which occurred at the home of Charles Molter, three miles south of here yesterday. Mrs. Molter, during a fit of insanity, caused the death of her two children by administering chloroform, and attempted to commit suicide in the same manner, but failed.

Mr. Molter who is a prosperous farmer, was in the city doing some trading, and on his return to his home, about 1 o'clock, found his wife and two children lying on a bed in an unconscious condition. Heroic measures were resorted to with success in the mother's case, but all efforts to save the children proved futile, and about 5 o'clock both a boy, aged six years, and a girl, aged two, expired, without ever having recovered consciousness.

Efforts to resuscitate the wife proved successful, and at a late hour last night it was thought she would certainly recover.

Mr. Molter is frantic with grief. His home had been a happy one, and the shock he received upon his homecoming was terrible.

Mrs. Molter left a note saying her husband was going crazy and it was better for her and the children to die. This is taken as evidence of her insanity for her husband is in perfectly sound mind.

SEARCHING THE RUINS.

More Remains Found in the Windsor Hotel Debris.

NEW YORK, March 23.—One hundred and fifty men worked all night on the ruins of the Windsor hotel fire, but nothing was accomplished so far as the finding of bodies was concerned.

There was some trouble encountered on the Forty-seventh street side of the ruins this morning. The workmen there got to the cellar, where they found water. The water filled the cellar and was rising as the men cleared away the debris. The digging had to be stopped and engines were brought up to pump out the water.

Articles of many different kinds continue to be unearthed. Of these some were bank books, apparently of domestics in the employ of the house.

The first traces of human remains to be found on the Forty-seventh street side of the hotel Windsor's ruins were unearthed today near the hall of the annex. There were recovered a number of bones and a portion of a skull.

OBJECTS TO HOUSEWORK.

Thomas Parron, at Washington, Files Suit for Divorce.

WASHINGTON, Ind., March 23.—T. Parron yesterday filed suit for divorce in the Daviess circuit court, basing his demand upon the ground that during the entire nine years of his married life his wife has seldom left her bed, although she claims she is fully able to do so, and that she has compelled him to do all the housework, attend to their little daughter and do the family washing.

STEALS HIS BRIDE'S PURSE.

Charge on Which a St. Joseph, Mich., Man is Placed in Jail.

ST. JOSEPH, Mich., March 23.—Arthur J. Snyder, son of Lewis Snyder, a merchant tailor of this city, while visiting in Fort Valley, Va., a few days ago was secretly married to Miss Etta Lee, known as the belle of her native city. Upon the following night, before entering a theater at Atlanta, upon the request of her husband the wife gave him her purse, which contained $90, for the purpose of purchasing the tickets. Snyder, it is claimed, ran away upon receipt of the purse and returned here a few days ago. He was arrested last night by Chief of Police Stuckey. He is now in jail.

MR. BRYAN AT BIRMINGHAM.

The Democratic Leader to Make a Speech This Evening.

BIRMINGHAM, Ala., March 23.—Col. W. J. Bryan is spending the day in and around Birmingham, having arrived here from Nashville this morning early. He was met by a large reception committee of the Jefferson County Bi-metallic league, whose guest he is. Colonel Bryan was taken on a trip over the mineral district this morning, a special train being provided. This afternoon he will hold a public reception at the Morris hotel, and tonight will speak at the Auditorium. Colonel Bryan expects to be back in Lincoln about April 1st.

SERVICE EXTENDED.

Important Union of Big Telephone Interests.

Traffic Arrangement Between Home Company and United States Company Effected.

The annual meeting of the National Telephone and Telegraph company was held at its general offices in the Bank block in this city yesterday afternoon, and among other business transacted was the completion of an important traffic arrangement which will give patrons of the Home lines the advantage of service over about 10,000 additional miles of toll lines through Indiana, Michigan and Ohio. This is brought about by a union of interests with the United States Telephone company of Cleveland, Ohio, which was represented at yesterday's meeting by James B. Hague, secretary, and H. D. Critchfield, general counsel, both of Cleveland. Back of the Ohio company is Henry A. Everett, a Cleveland capitalist, widely known through his connection with Cleveland street railway interests.

The Fort Wayne company already operates long distance wires all over northern Indiana, Ohio, and southern Michigan.

The president's report showed that the mileage of the lines had been increased 20 per cent. during the year. The number of telephones in use at exchanges is 15 per cent. greater, the number of towns or toll stations connected with the system is 40 per cent. greater, and the net earnings of the company exceed those of last year by a little more than 100 per cent. Officers were elected as follows:

President—George W. Beers, of Fort Wayne.

Vice President—C. H. Cory, of Lima, Ohio.

Secretary—D. J. Cable, of Lima, Ohio.

Treasurer—W. H. Duffield, of Lima, Ohio.

Directors—C. H. Cory, D. J. Cable, W. H. Duffield, W. L. Parmenter, F. W. Holmes, of Lima, and G. W. Beers, Henry C. Paul, Samuel M. Foster and Charles S. Bash, of Fort Wayne.

The union with the Ohio company is in no sense a consolidation, but simply a close traffic arrangement between the two lines. The companies preserve their individualities, but conduct business under one traffic department. The negotiations have been pending for several weeks and by the arrangement the whole of the Ohio company's lines are opened to the patrons of the National company. The connection with the Michigan lines will be completed at Sturgis during the present week and within sixty days a junction will be formed in the new exchange now building at Anderson, in which President Beers holds a controlling interest, with the lines of the new long distance company at Indianapolis, thus making the lines of the National company the connecting line for all independent telephone users in Indiana, Michigan and Ohio.

The arrangement yesterday is the beginning of a thorough connection between Chicago and New York by independent companies, and it is believed to be only a question of a few months when that connection will completed.

Will Watch Military Operations.

SAN FRANCISCO, March 23.—Lieut. Ferrucio Vitial, military attache of the Italian embassy at Washington, has arrived here en route to the Philippines, where he will watch the military operations as the military representative of the Italian government. He has been assigned comfortable quarters on the transport City of Pueblo, which is to convoy part of the Ninth infantry to Manila.

WHAT SMELTERS' TRUST WILL DO

Price of Silver to Be Advanced.

TEN PER CENT RAISE

Advance Takes Place in Few Days.

Combine Agrees Not to Advance Price for Treatment of Ore.

TOPEKA, Kas., March 23.—John T. Graham, of Denver, who owns extensive gold and silver mines in Colorado and New Mexico, and copper mines in Utah, passed through Topeka today on his way to his home. Mr. Graham operates smelting plants at his various mines and he has been in New York in attendance at the meeting of smelter operators which resulted in the perfection of a gigantic trust with a capital of $65,000,000. While in this city, Mr. Graham made the important statement that the first step made by the new trust would be the advance of the price of silver ten per cent.

"This is a trust that will prove beneficial instead of oppressive," said Mr. Graham. "All the smelter operators who entered into the combine signed a contract agreeing not to raise the price of the treatment of ore for ten years.

"The advance in silver will be made within a very short time," continued Mr. Graham, "just as soon the combine can be perfected."

THE DEATHS.

Jules Simon, machinist at the Pennsylvania shops, received a telegram this morning informing him of the death, at Chicago, of his aged mother. The deceased was born in Belfort, France, eighty years ago and came to this county immediately after the Franco-Prussian war and settled in Fort Wayne, where she lived up to three years ago. Since then she has resided part of the time here and part of the time with her daughter, Mrs. Louis Bastien, of Chicago. Those who survive her besides Jules Simon are Charles Simon, of St. Joe, Mich.; Alex Simon, of Stanton, Neb., and Mrs. Louis Bastien, of Chicago. Mr. and Mrs. Simon left this noon to attend the funeral.

HUMBERT.

James J. Humbert died yesterday afternoon at Hope hospital from pneumonia, at the age of sixty-eight years, ten months and twelve days. He was born in Troy, Ohio, and came to Fort Wayne in 1839. Mr. Humbert never married, and the only immediate relatives surviving him are Mrs. A. M. Henderson, of this city; Mrs. Alfred Little, of Wallen, and Mrs. I. W. Campbell, of St. Louis, Mo. The funeral services will be held from the residence of Mrs. Henderson, 86 East Main street, Friday afternoon at 2 o'clock, conducted by Rev. M. Samson.

CRONIN.

The funeral of the late Miss Sarah Cronin will be held Friday morning at 8:30 from the residence, 44 Brooklyn avenue, and half an hour later from the Cathedral.

TO PROMOTE ARBITRATION.

American Delegates Will Make Proposition to Peace Conference.

NEW YORK, March 23.—A special from Washington says:

There is reason to believe that an important proposition looking to the settlement of international disputes by arbitration will be advanced at the coming disarmament conference by the American delegates. It is learned on high authority that the credentials for and instructions to the American delegates are now being prepared by Secretary Hay, and will be ready for submission to the president for his approval when he returns to Washington from his southern trip.

These instructions will be a complete exposition of the attitude of this government on the question of disarmament and arbitration.

Following the policy which it seems likely that all the nations will adopt, President McKinley will accredit the minister to the Netherlands as one of the American delegates. Ambassadors White and Tower will probably be the other members of the American delegation.

The administration is strongly in favor of arbitration as the means for the settlement of disputes between nations, and while it appreciates that there are a number of controversies that can only be settled by war, it is still believed that many questions which arise and are causes of much friction can be arbitrated.

SOME GOOD NEWS.

Pittsburg Concern Will Advance the Wages of 5,000 Employes.

PITTSBURG, Pa., March 23.—The engineers of the Jones & Laughlin Steel company's mills have been notified that their wages would be advanced 10 per cent. April 15th. A representative of the firm is responsible for the statement that on the same date there will be a general advance in all departments affecting fully 5,000 men. The same official announces that the company contemplates the erection of a number of new mills, but would not state what class of mills they are to be.

SULLIVAN TO REFEREE.

Ex-Champion Will Arbitrate the McCoy-Choynski Fight.

SAN FRANCISCO, March 23.—John L. Sullivan has been chosen to referee the McCoy and Choynski fight on Friday night at Mechanics' pavilion. The advance sale of seats already amounts to $16,000. The betting, which opened at 10 to 5, is now 10 to 6 in favor of McCoy. The two fighters have selected the men who are to go behind them in the ring. McCoy will have his brother Homer, Jack Stelzner and Frank Purcell. Choynski's handlers will be Ed Greany, Charlie Tilson and Tommy Murphy.

BASE BALL.

Talk of Columbus for the Inter-State.

Rumor That the Western League Will Trade Columbus for Grand Rapids —The Shamrocks.

The old story of Columbus for the Inter-State league is again revived. The Western league directors are in session at Milwaukee and many base ball authorities assert that an effort is being made to transfer Grand Rapids to the Western league and make Columbus a member of the Inter-State league. This would bunch the cities in both leagues, but it is doubtful whether Columbus is anywhere near as good a ball town as Grand Rapids. President Johnson, of the Western league, denies that there is any possibility of the exchange.

M'BRIDE MUST PITCH.

The arbitration board will soon take up the cases of Dick Smith and Mike Trost. Both have signed Youngstown contracts. Trost is claimed by Patterson, N. Y., and Smith by Mansfield. At the Inter-State meeting at Mansfield the magnates voted that Youngstown should not pitch Peter McBride, sold for $1,000 by Youngstown to Cleveland. The agreement was that Youngstown should have McBride's services two games. Nick Young will be appealed to.

THE SHAMROCKS.

The Shamrocks will come to the scratch the coming season with a team that will be stronger than ever. The Shamrocks' record of last season, when the club won nine out of ten games played in the Robison Park league race, and at the close of the season won two out of three games from a team of picked players from the various clubs of the city, will be a hard record to duplicate, but the champions say they are going to repeat the performance this season. The Shamrocks also made a good showing in the games played in Indiana and Ohio towns. They beat South Bend's professional team by a score of 4 to 3, won from Payne, Ohio, the game inaugurating the season in the Ohio town, and being the first opening game Payne lost in thirteen years. The boys also hung the books into Rochester, and trimmed Huntington up 26 to 1, losing a return game—4 to 3. Logansport won from the Shamrocks in an 11-inning game—8 to 2. Ottawa, Ohio, won from the Shamrocks. The club played three exhibition games with the Fort Wayne team. The Shamrocks were booked for return games wherever they played, South Bend, Rochester and Logansport giving the club three games each. The team will be composed of the following players this season: Braiden, Robbins, McDarby, Raidy, Nall, Cherry, C. Smith, J. Smith, Weldon, Moran, Nolan, Heller and Reilly. A meeting of the club will be held at the usual place Sunday morning at 10 o'clock.

Monitor Converted Into a Ferryboat.

OAKLAND, Cal., March 23.—The old monitor Comanche, which has been bought from the government by a local firm, is to be converted into a freight ferryboat to run in San Francisco bay. Her antique engines will be replaced with new machinery and she will be remodeled at a cost of $50,000.

WAS ROTTEN TO THE CORE

Notes of Which There is No Record.

COUPONS ARE GONE.

Directors Want Them All Brought In.

New Victims of Schell Concern Report Almost Hourly—The Indebtedness.

"If the persons holding paper of the J. F. Schell Loan and Investment company will make a report at the office of their holdings we should be able to determine by next Monday the exact situation of affairs," said President O'Rourke to a SENTINEL reporter this morning.

Neither Mr. O'Rourke nor Mr. Keplinger was willing to make a statement of liabilities and assets, in fact, Mr. Keplinger said that it was impossible to determine now. He does believe, however, that the wealth of the farmers who were behind the institution will be sufficient, along with the collateral in the hands of creditors, to pay every cent of indebtedness.

Almost every hour there comes information of some victim of J. F. Schell's methods of doing business. It is probable that the mortgages, old ones and new ones, may have to be paid by the directors and stockholders of the institution. Up to the present time there are no records of an election of officers or of any meeting that may be held and President O'Rourke says that there were never any meetings. Attorneys for claims against the company assert that under these conditions the courts will declare the company a partnership affair and this will make all stockholders responsible for the indebtedness of the concern except for notes which have been signed by persons who are in themselves sufficiently wealthy to settle. All these notes, however, are signed by the J. F. Schell Loan and Investment company and each stockholder is a part of that company. Generally a stockholder would be held liable only to the amount of his stock, but in a partnership any partner can be held for all debts of the concern if he is worth it and the others are not. The litigation promises to be hotly contested and many new legal questions will be considered by the local judges.

Miss Bertha Ritter, a teacher in the east German school, finds that she owes a mortgage of $1,000, on which she has received only $200. The lady made the mortgage to the J. F. Schell Loan and Investment company and was paid $200, not at that time needing the other $800. She left the mortgage in the custody of Mr. Schell and yesterday when her attorneys made an investigation they found that the mortgage had been sold to F. J. Hayden. Miss Ritter is out $800 unless the bankers of the Schell institution can be held responsible for it. There are hourly being reported cases similar to that of Miss Ritter and to learn the exact status of all outstanding papers President O'Rourke today publishes a notice requesting all persons who have dealings with the concern and hold paper in which it is interested to make a report at the company's office tomorrow or Saturday.

Messrs. O'Rourke and Keplinger find that many notes of the company are in existence of which there is no record in the office. Some of these have been presented and nowhere can be found stubs. How much of this has been done will, of course, not be known until holders of these papers present them to the company.

Mr. Schell still remains at his Lakeside home, but Sheriff Melching is watching the premises and he will not be allowed to leave without an officer knowing where he goes. There has nothing criminal developed, but it is feared that where there has been so much strange work there may be some criminality and the sheriff will protect himself by watching Mr. Schell. He has been served in several civil cases and yesterday to one of the deputy sheriffs Mr. Schell remarked:

"It is awful to have this happen just at the time the institution was in a position to make $35,000 a year."

One of the liabilities of the company is a $14,000 ten-year lease on the premises now occupied. This will not, of course, be a loss, as the desirable location of the building should make it in demand should the company decide to quit business after its affairs are settled.

MOTHER AND BABES DEAD.

Mrs. Frank Wilsick Kindled the Fire With Kerosene.

UNIONTOWN, Pa., March 23.—Mrs. Frank Wilsick, of Oliver, used kerosene in kindling a fire today and as a result she and her two little children are fatally burned. When she poured the oil in the stove she was holding a babe in her arms and another child was standing near. Suddenly there was an explosion and the flames shot out and enveloped them all. Their clothing was burned off and their bodies were horribly charred.

HE WILL RECOVER.

John Sherman Better Than at Any Time Since He Was Taken Sick.

SANTIAGO DE CUBA, March 23.—John Sherman passed a satisfactory night and is now better than at any time since he was taken sick. His recovery is confidently expected.

BONDS OF BLISS.

District Passenger Agent Ligget, of the Lake Shore,

Wedded Yesterday to Miss Cora Wilkinson at Montpelier—A Most Happy Union.

Phrot C. Ligget, of this city, and Miss Cora Wilkinson, of Montpelier, were united in marriage yesterday. This announcement will come as a surprise to a wide circle of Fort Wayne friends, but their congratulations will be hearty and sincere. The ceremony was performed at 3:15 yesterday afternoon at the home of the bride's parents in Montpelier and Rev. Hollopeter was the officiating minister. Mr. Ligget is one of Fort Wayne's most popular young men and is district passenger agent of the Lake Shore railroad. His railroad career began in the ticket office of M. J. Blitz in this city. He then accepted a position with the Lake Shore and was made city ticket salesman at Chicago. During the war with Spain he served in the Twenty-eighth Indiana battery, and at its close was promoted to the responsible position he now occupies. His bride is a most estimable and popular young lady. She is a daughter of James Wilkinson, who formerly resided here, and is a niece of Thomas Wilkinson, of this city.

Mr. and Mrs. Ligget will for the present reside with the father of the groom, at 10 Columbia avenue.

IS MAKING HEADWAY.

Movement to Consolidate Western and Southern Rolling Mills.

CLEVELAND, Ohio, March 23.—The Iron Trade Review says:

The movement to consolidate western and southern rolling mills has made headway in the past week, and nearly all the necessary options have been secured. Loss outside money will be invested, proportionately, than in other recent iron and steel combines.

The promoters announce that organization will probably be effected within the next two weeks. The capital proposed is $16,000,000, and thirty-six western mills, large and small, fit and unfit, are included in the plan. Chicago and Cleveland are both discussed as probable headquarters.

MYSTERIOUS CRIME.

Joseph Hausman Found Dying From Many Wounds at Cleveland.

CLEVELAND, O., March 23.—Joseph Hausman, forty-eight years old, an employe of the Variety Iron works, was found in a dying condition early today, lying in the back yard at his boarding house, No. 696 Scranton avenue.

Blood was spattered about in all directions. There was evidence that a desperate struggle had taken place. Everything within ten feet of the body was besmeared with blood. Hausman died shortly after he was removed to the hospital. Seven wounds were found on the dead man's head. The police have as yet made no arrests.

A Veteran of Two Wars Dead.

NORFOLK, Va., March 23.—Major James F. Milligan, a veteran of the Mexican and civil wars, is dead at his home in this city, aged seventy years. He resigned as midshipman in the United States navy and personally tendered his services to President Jefferson Davis of the Southern confederacy and was placed in charge of a signal corps that operated in this section and along the James river. He was a republican and held office as inspector of hulls under several administrations.

Called to Pittsburg.

PITTSBURG, Pa., March 23.—Rev. Dr. Maitland Alexander, pastor of the First Presbyterian church, of Harlem, New York City, has been unanimously called to the pastorate of the First Presbyterian church of this city. The salary is $6,000 a year.

MUST HAVE HELP WITHOUT DELAY

Men Dying of Scurvy in Alaska.

TALE OF SUFFERING.

Dr. H. G. Nierman Writes to Hon. J. M. Robinson.

Matter Laid Before the Department of State by the Congressman.

Congressman Robinson has received the following letter from Dr. H. G. Nierman, of this city, dated at Copper Center, Alaska, January 28:

"Dear Sir:—We have the sick of this section of Alaska housed in hospitals. To regain health, change of country is necessary. The scurvy patients will die if aid does not come. I trust the matter to your kindness and influence. Act at once. No news from the states since November 15, 1898."

A postscript dated January 31, read as follows:

"Since writing the above about two hundred of the camps made an effort to leave the country over the glacier. The sick that were able to ride at all were handled on sleds by the more able members. Crippled individuals dragged themselves along, and the trip seemed as one for their lives. Three deaths in as many days. I am healthy."

Mr. Robinson at once wrote the secretary of state, transmitting a copy of the letter, and laying the case before him.

OPPOSED TO ARMY POST.

Iowa Women do Not Want Soldiers Quartered in That State.

DES MOINES, Iowa, March 23.—When Congressman J. A. T. Hull, chairman of the committee on military affairs of the house, was running for congress three years ago he promised Des Moines that he would locate an army post here if the city would guarantee to furnish 500 acres of land to the government and a market for mules. He has been working on it ever since. Tuesday, he said, on his arrival from Washington, that he was confident he could get the post located in Des Moines. Yesterday 100 members of the Women's Christian Temperance union, representing four organizations, appointed a committee to fight the post scheme.

They say that soldier camps leave a train of desolate homes behind them on account of the young women, and a post would certainly be worse.

Broad Ripple Purchase Reviewed.

INDIANAPOLIS, March 23.—There is considerable talk that the Indianapolis Street Railway company will purchase the Indianapolis and Broad Ripple street railroad. Receiver Cockrum said yesterday that the road is for sale and that no definite negotiations are in progress. He said that the road is worth about $130,000. It would be worth more to the Indianapolis Street Railway company than to any other possible purchaser. According to the receiver's monthly reports the road is just about paying expenses. During the summer months it makes some money.

Sold Out to the Trust.

NORTHVILLE, Mich., March 23.—The Globe Furniture company, of Northville, has sold its plant and business to the American School Furniture company, of New York, a recently organized corporation with a capital of $10,000,000. Sixteen other concerns manufacturing the same line of goods are also members. The Globe company is the oldest firm of the kind in the United States. It is said the change in ownership will not affect the local management.

Soon to Sail for Manila.

SAN FRANCISCO, March 23.—The transport Charles Nelson, which will sail in a day or two for Manila, will take seventy men under command of Lieutenant Alfred Aloe, of the Eighteenth infantry. Until further notice no more recruits will be accepted for regiments now in the Philippines, as their membership is now up to the maximum.

Iron Exports Light.

NEW YORK, March 23.—The Iron Age says: "Very little is being done in the direction of export orders. Report has it that the mission of John W. Gates, of the American Steel and Wire company, in Europe, is to arrange for an international agreement in prices for the principal wire products."

WHAT HAST THOU DONE WITH JESUS

This is the All-Important Question.

IT MUST BE SETTLED

Before God Has Aught to Do With You.

Rev. Merton Smith Delivered an Eloquent Sermon at the First Presbyterian Church.

Notwithstanding the extremely bad weather there was a fair attendance at the First Presbyterian church last evening to hear Rev. Merton Smith discuss the question, "What Shall I do With Jesus, Which is Called Christ?" This subject was from Matthew 27:22

Way back 2,000 years ago in a great city this was an all-important question. Many great men had gathered together to discuss questions for the welfare of the people, but this was the principal question There were others, but had Pontius Pilate settled that question right, the others would not have mattered. When man settles that question, all is well with him, but it must be settled before God will have anything to do with him. It does not settle the question between man and man, the Cuban question, the money question or the social question, but if it were settled these other questions would no longer worry the world and its nations. These are tremendous questions between man and man, but there is only one question between God and man—"What Shall I do With Jesus?" This is the one question that God asked the nations, it is the one controversy to which God calls all the nations. He told of the fall of Assyria, of Persia, of Greece and of Egypt. When these nations were asked "What have you done with Jesus?" the reply came "Rejected him," and ruin followed. Jerusalem and Rome were destroyed because their people refused to accept Jesus.

So it is with families and with individuals. Settle this question or go down to everlasting perdition. After all it is the great plague of the heart. The Christ still stands awaiting the answer to the question, lowly and meek. You are the governor of your heart. He is the judge. What have you done with your heart? The young men do not know what to do with Jesus. They must settle the question, "What Have you Done With Jesus," kneel at his feet and acknowledge his supremacy, his love and all the other questions will be easy. If you continue to rebel against him there will be continued warfare. Jesus Christ is God's last and best sacrifice. None can be saved unless they quit rebelling and accept His ambassador. Around this question all others cluster like the grapes around the stem. Every question finds its remedy in Jesus. A dozen verses in the Bible will settle every question ever agitated, but none can be settled until the all-important question has been settled between God and man—"What have you done with Jesus?" There is the great eastern question. It will be settled only when it has been determined to whom Jerusalem really belongs. Jerusalem rejected Jesus and the world has never known an hour of peace since and will not until He is acknowledged the Son of Christ by the sons of Jerusalem. Only the heart that crowns Jesus Christ is at peace. We are not a converted nation, but we are a saved nation. So is Britain, so is Denmark, so is Holland and there are others; but Spain is damned, France is damned and Russia is damned. It is so with individuals. Settle the question, "What shall I do with Jesus?" and settle it right, and the man or woman is saved Salisbury said, "There are live issues and there are buried issues." This question is the live question which must first be settled.

You ask, "Will the world be saved by preachers?" No, unaided. They have come like a small band of soldiers to hold the fort until Christ comes. God said, "Occupy until I come." I point you to the coming of the king. Then all these questions will be settled. God forbid that when Christ comes you should be unreconciled. Don't believe because of the obstacles that are in your way that you are on the losing side. Christ will come and punish the sinners. Do you think that He is coming soon? I do. The world is weary for Him. Any place you may go there is a feeling that Christ will soon come. After the queen's jubilee it was rumored that Queen Victoria would resign. One day one of the courtiers asked her if the rumor was true. The queen, exalted as she is, replied, "I will resign when I lay my crown in the hands of Jesus." Oh, woman! Oh, man! Wouldn't it be terrible if Christ came tonight and you were unreconciled? Settle this question and all others are settled.

Rev. Smith told a pathetic story of the reconciliation of a man and wife who were about to separate, when the wife came to pack the clothes of their dead little child. She could not stand it and the husband too, when he knew what troubled the wife, was willing to reunite in that holy love that had given them the little ambassador who, even in death, had again brought happiness to their hearts.

"O Jesus, Thou canst heal all these ills of life. Thank God there is no feeling of ill in my life. He has healed me."

MEETINGS TO CLOSE.

The last meeting of the series that has been conducted by Rev. Merton Smith will be held tomorrow night. Tomorrow afternoon the last meeting for Bible study will be held. the subject of Rev. Smith's lecture will be "Thy Kingdom Come," an exposition on prophetic lines of the seven parables of the Lord Jesus Christ, as set forth in the thirteenth chapter of Matthew. The interest in the afternoon meetings has been intense during the present week. Large has been the attendance at all of them.

CHRIST THIRSTED.

The Subject of Rev. Motschman's Lenten Sermon, Last Night.

"Christ's Thirst," was the subject of the fifth of the Lenten sermons being preached by Rev. Motschman, of Christ's Lutheran church. This thirst was of three kinds: (1.) Physical thirst. The wounds of his hands and feet had brought a burning fever and with it came a terrible and painful thirst for water to alleviate his suffering. (2.) A longing to return to His father. He had been forsaken by God, had been entirely surrendered as a sacrifice for atonement. The mental and spiritual agony Christ endured in thus being cut off from God's presence and love and communion is beyond the power of man to conceive. (3.) A zealous and enduring desire to save souls.

Christ understood the plan of salvation. He knew it was that all men might be redeemed that He was being thus sacrificed by His Father. He wanted His work on the cross not to be in vain. His desire that we accept Him as our ransom was as great as the Father's love in surrendering Him. Mortal man cannot comprehend the magnitude of that desire. This one word, "Thirst," from the cross, shows not only that Christ is an adequate sacrifice for our sins but that He is one we should most willingly and most gladly accept.

The meetings are proving helpful to the church. The subject of this evening's sermon will be "Finished," the sixth word from the cross, based on John 19:30.

M. Deschanel Denies He Will Wed an American.

PARIS, March 23.—The president of the chamber of deputies, M. Deschanel, denies the report that he is to marry a wealthy American.

BLEEDING PILES

And all other forms of this common and often dangerous disease readily cured without pain or inconvenience.

Thousands of men and women are afflicted with some sort of piles, without either knowing the exact nature of the trouble, or knowing it, are careless enough to allow it to run without taking the simple means offered for a radical cure.

The failure of salves and ointments to permanently cure piles has led many to believe the only cure to be a surgical operation.

Surgical operations are dangerous to life and moreover not often entirely successful and at this time are no longer used by the best physicians or recommended by them.

The safest and surest way to cure any case of piles, whether blind, bleeding or protruding, is to use the Pyramid Pile Cure, composed of healing vegetable oils, and absolutely free from mineral poisons and opiates. The following letter from a Pittsburg gentleman, a severe sufferer from bleeding piles, gives some idea of the prompt effectual character of this pile cure. He writes:

I take pleasure writing these few lines to let you know that I did not sleep for three months except for a short time each night because of a bad case of bleeding piles. I was down in bed and the doctors did me no good. A good brother told me of the Pyramid Pile Cure and I bought from my druggist three fifty cent boxes. They cured me and I will soon be able to go to my work again. WILLIAM HANDSCHU,

46 St., Cotton Alley, below Butler St., Pittsburg Pa.

The Pyramid Pile Cure is not only the safest and surest remedy for piles, but is the best known and most popular. Every physician and druggist in the country knows it and what it will do.

Send to Pyramid Co., Marshall, Mich., for little book on cause and cure of piles, describing all forms of piles and the proper treatment.

The Pyramid can be found at all drug stores at 50 cents per package.

SENOR JURADO DENIES STORY

Has Not Seen the Filipino Envoys.

ARE NOW IN LONDON

Rebels Using Poisonous Projectiles.

Barbarous Warfare for Which the United States Has No Recourse.

LONDON, March 23.—Senor M. Jurado, counsellor for the Spanish embassy in this city, denies the story published in New York today that he had seen Senor Losano and Lopez, Filipino envoys, who arrived here from New York this morning. He declares he has no idea that they have any intention of consulting him.

POISONOUS PROJECTILES.

Brass-Tipped Bullets Used by the Philippine Insurgents.

NEW YORK, March 23.—A special from Washington says:

Reports received at the war department from the medical officers serving with troops in the Philippines show that Aguinaldo's army is using brass-tipped bullets.

Several American soldiers have been wounded by the poisonous projectiles and in consequence the wounds are more difficult to heal than those caused by the ordinary bullets. Of course the authorities can do nothing to prevent the insurgents using any kind of bullets they see fit. They have no government to which an appeal can be made. Their action in this respect, officials say, is another indication of their utter unfitness for self government.

THE FIGHTING AT ILOILO.

Some Details of the Recent Battle With Rebels.

MANILA, March 23.—5:10 p. m.—Details of the fighting at Iloilo on March 16, show that 400 rebel riflemen from Panya were met by seven companies of the Eighteenth regiment of the United States infantry and a batallion of the Tennessee volunteers. As supports these troops had three two inch Hotchkiss guns, under General Miller, north of Jaro, across the river.

The Americans were met with a heavy fire. One man was killed and fifteen were wounded of the Eighteenth regiment, and there were several cases of sun stroke.

General Miller estimates that fifty rebels were killed and one hundred wounded.

WANT MR. BRYAN.

The Silver Champion May Again Speak in Fort Wayne.

Hon. R. C. Bell is in correspondence with William Jennings Bryan, and is endeavoring to secure the gifted orator to deliver an address in Fort Wayne within the next few weeks. Mr. Bell says prospects are quite favorable, and he hopes to be able to make a definite announcement soon. The address, if given, will be upon the leading political questions of the day, and voice Mr. Bryan's views of the country's duty in the new responsibilities added by the events of the past year.

STILL ENLISTING.

Five More Recruits for the Regular Army Yesterday.

Lieutenant Stogsdall, in charge of the recruting office on Court street, is highly gratified at the number of young men who are presenting themselves for enlistment in the United States army. Five more enlisted yesterday, bringing the total for the week thus far up to nineteen. The later recruits are John L. Voelker, a former member of battery D, First United States artillery; John A. Null and Marshall C. Parker, who enlisted for the cavalry, and Ernest Hinz and Ezra A. Brandenburg, who entered the infantry service.

James Allen, of the Fourth United States infantry, and who has been in the service twenty-four years, has arrived to assist Lieutenant Stogsdall at the recruting office.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters;' and, to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts per bot. at Dreier & Bros. drug store.

Patterson sells the honest "Berkshire Pants," and pays you 12 cents for each suspender button that comes off; 50 cents if the waistband rips; or a new pair of pants if they rip elsewhere within two months from date of sale.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard St., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and $1.00. JACOBS ON TRIAL.

A Jury to Determine Whether He is Guilty of Arson.

The Evidence is the Same as Given in the Preliminary—Court Notes.

In the circuit court James Jacobs is today being tried before Judge O'Rourke and a jury on a charge of arson, the defendant being accused of having set fire to the barn of the City Trucking company. It was 11 o'clock before a jury had been secured and the examination of witnesses commenced. The most damaging witness to defendant is his own brother, Dave Jacobs, who is on the stand this afternoon. The testimony is the same as was given at the preliminary. Prosecutor Doughman appears for the state and John H. Aiken and P. B. Colerick are defending Jacobs. The trial will occupy two or three days.

COURT NOTES.

John Lapp has filed his final report as administrator of the estate of Henry J. Lapp, deceased.

The county commissioners today appointed the following road viewers: Hostetter road, Wayne township—William Smith, Frederick Scherer and Alphonse Corbat; to vacate a road in Maumee township—William Spindler, Leroy Sprague and Eli Greenawalt.

Frank Lumbard has qualified as administrator of the estate of his father, the late Sidney C. Lumbard.

C. W. Edgerton has filed his fifth current report as administrator of the estate of J. K. Edgerton.

Wolf & Co., lithographers and printers, of Philadelphia, filed suit yesterday against the J. F. Scholl Loan and Investment company to recover $1,000 for advertising specialties sold to the young financier. H. C. Hanna is attorney for the claimants.

Yesterday Judge Dawson closed the January term of the superior court and the April term will begin April 3.

Mary E. McLaughlin was adjudged insane by a lunacy commission yesterday.

In the case of Ferguson against Pape Judge O'Rourke gave judgment for $2,415 60, and the case was appealed to the appellate court.

The Decatur Journal says: "Judge Allen Zollars and Henry Colerick, of Fort Wayne, and E P. Hammond, of Lafayette, are registered at the Burt, being in the city on the case of Miller vs. Wabash railroad. The circuit court is engaged in trying the case of Miller vs. Wabash railroad, in which Miller asks for a judgment of $5,000 for damages sustained by a fire on his farm caused by negligence of railroad employes. This case was brought here by a change of venue from Allen county."

MUNICIPAL AFFAIRS.

Pavements Will be Wider and Therefore Cost More—Council Committee.

The board of works will meet tonight but it is not believed that any resolutions for street improvements will be passed. It will be necessary for the council to make more appropriations before the board can proceed very extensively with these improvements. The first streets to be paved will be Holman, Brackenridge, Lavina and East Creighton avenue from Holton avenue to Walton avenue.

Most of the streets last season were only twenty-four feet in width, but this season pavements will be made twenty-eight feet wide and will therefore cost more for each lot than last season. The price of concrete foundations will be higher, too, and it is doubtful whether there will be any more pavements laid as cheap as last summer.

COMMITTEE OF WHOLE.

The council committee of the whole, which is to consider the Fort Wayne gas franchises, has been called to meet next Monday evening in City Clerk Monning's office. It was to have been held this evening, but owing to the absence of many councilmen Chairman Hench has decided to postpone the meeting.

BANKRUPTCY CASE.

Examination in Statesman Affair Completed This Afternoon.

The examination in the Statesman bankruptcy case was completed this afternoon, and Referee Chapin will appoint three appraisers to pass upon the property of Mr. Statesman

The names of John A. Scott, W. F. Graeter and W. J. Kettler have been suggested, and they will probably be appointed as the appraisers.

MORE PLEDGES NEEDED.

Not Sufficient Accommodation Yet Guaranteed for Teachers.

Superintendent Study informs THE SENTINEL that there have not yet been pledged sufficient accommodations in private homes for the school teachers who will attend the convention in this city next week.

The people of the city must arouse themselves and make sure that no visitor to the city is without a place to stay.

Louis Gibbons, while shoeing a horse yesterday morning, was kicked in the arm. He walked to Hope hospital and an examination showed that the bones were broken. The fracture was reduced and Mr. Gibbons was able to walk home.

THE NEAR-TO-NATURE WAY.

Crown and Bridge Work is—of all dental science—the nearest to nature's way of supplying artificial teeth in place of one or several, or whole sets of missing ones. It makes the clumsy, cumbersome plate of older methods unnecessary. It gives to the mouth an appearance of perfect naturalness, comfort, cleanliness and efficiency. It combines with these features the greatest durability in service when properly constructed. We are equipped with more than the usual experience in such work and exceptionally fine facilities for performing it. We'll be glad to talk with you about it.

Amos H. Cory, a well-known retired salesman who formerly lived at Angola, has purchased a home in Lakeside, and will reside permanently in Fort Wayne.

Hon. John W. Baker, editor of the Columbia City Commercial, was in Fort Wayne yesterday shaking hands with his friends. Mr. Baker was a member of the last general assembly.

Owing to the fact that there are five Fridays in the present month Mrs. John Miller and Mrs. W. H. Grout will not entertain the Kekionga Aid society at the home of the latter until Friday, March 31.

The visiting teachers next week will be well cared for both at hotels and boarding houses, and in private residences about the city. The Wayne hotel will entertain about 150, the Randall 300, and the New Aveline fifty.

Bishop Sellew, of the Free Methodist church, will address the local congregation at their church, on East Creighton avenue, on Thursday, Friday and Saturday evenings of this week. He will also have charge of the two Sunday services.

Charles Futter, of 108 Baker street, who has been dangerously ill for the past five weeks of grip complicated with kidney trouble, is beginning to improve slowly, but is yet very weak and it will be considerable time before he is able to leave his bed.

An operation was performed on William Schulte yesterday at the St. Joe hospital for the removal of a tumor. Mr. Schulte is a traveller for S. Bash & Co. and was removed to the hospital Monday. The operation was successful and he will be able to resume his duties in a couple of weeks.

Andrew Straub, until recently foreman of the Fox candy factory, has decided to embark in business for himself at Traverse City, Mich. The firm will be known as Straub Bros. & Anniotto, and a two-story brick factory building, 25x100 feet, is being erected in that city for them. Mr. Straub's Fort Wayne friends will be pleased to learn of his success.

A Hundred Reasons

Can be given why Stuart's Dyspepsia Tablets are the best and most effectual cure for every form of indigestion.

They are in the tablet form which retains their good qualities indefinitely, while liquid preparations become stale and useless with age.

They are convenient, can be carried in the pocket and taken when needed. They are pleasant to take.

After each meal disolve one or two of them in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermented, half digested food.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else.

One disease, one remedy; the successful physician of today is the specialist, the successful medicine is the medicine prepared especially for one disease.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure.

They increase flesh by digesting flesh forming foods.

A whole package taken at one time would not hurt one, but would simply be a waste of good material.

Over six thousand men and women in the state of Michigan alone, have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

J. M. Place, of Decatur, was a Fort Wayne visitor yesterday.

Hon. J. M. Robinson returned last evening from Columbia City.

Dr. G. L. Greenawalt was taken very suddenly ill yesterday afternoon, but is now improved.

Miss Maud Cheviron and Miss Gertrude North left yesterday for Cincinnati, where they will remain for some time.

G. W. Schack, cashier at the Rurode Dry Goods Co., has resumed his duties after a severe illness for the past four weeks.

The First Church of Christ Scientist holds testimonial services this evening at 8 o'clock in the Odd Fellow's building, second floor, No. 20 West Berry street.

The Epworth League of Simpson M. E. church will give an ice cream social at the home of Miss Florence Bricker, 25 Oliver street, Thursday evening. A cordial invitation is extended to everybody.

The revenue officers of this city have received instructions from Washington in reference to the amendment made to the revenue law by the last congress. This was in relation to the stamps required for notes and mortgages. It had been necessary to place a stamp on both the note and mortgage, but the amendment provides that only one of these instruments will require the stamp hereafter.

You are making a great mistake in not sending for a 10 cent trial size of Ely's Cream Balm. It is a specific for catarrh and cold in the head. We mail it, or the 50 cent size. Druggists all keep it. Ely Brothers, 56 Warren Street, New York.

At bottom, it makes little difference whether it is proved that fresh army beef was "embalmed" or not. It was at all events ready for burial. That much has very clearly been proved.

It is yet to early to say how close together President McKinley and Speaker Reed managed to approach in that conference at Jekyl island, but it is reasonable to suppose it was close enough to make quite plain that each would much prefer that the other got off the earth for a period that would include the next presidential campaign.

It is a curious sort of competition that is under way in New York City over the celebration of Thomas Jefferson day. There are to be two banquets and each will be engineered by and patronized by democratic factions, each of which claims to be the simon pure Jeffersonian brand. Perry Belmont and Dick Croker are piloting one banquet that is to be given in the great Metropolitan opera house at $10 per plate. Less pretentious leaders are arranging the other banquet to be given at the Palace hotel at $1 per plate. In the matter of Jeffersonian simplicity the one dollar banquet has somewhat the best of it, not to speak of being free from the incubus of a Croker.

Experience every day multiplies the evidence that business of no kind can be successful unless founded upon sound principles and prosecuted by tried and certain methods. The get-rich quick and good-thing-for-everybody concern that is never on the ground but soaring up in the dizzy blue is bound sooner or later to go the way of all over inflated balloons. They won't stand their registered pressure in the upper atmosphere. Aerial navigation, folks should understand, is yet in the experimental stage.

In spite of the fact that it has been denied, there is a dash of plausibility in the story that it has been arranged that in case Senator Quay shall fail of re-election at the present session of the Pennsylvania legislature, Senator Boies Penrose is to resign his seat and that Governor Stone is to appoint Senator Quay to the vacancy thus created. Penrose is distinctly a creature of Quay and the law of relationship between creature and creator could possibly be enforced in such an arrangement. On the other hand it is said Governor Stone intends to appoint Senator Quay any way, despite the fact that the senate has refused to confirm appointments made where legislatures failed to elect, to fill a vacancy. It is believed that Senator Quay's standing with the older senators would secure his confirmation.

Senator Beveridge has started on a voyage to the Philippine islands, and says he is going on a pleasure trip. That, so far as it goes, no doubt. Senator Beveridge is a hard worker always, but has been unusually active since the beginning of the last political campaign, and unquestionably is in need of a rest. However, he is not going to voyage some twenty-five thousand miles merely for recreation. The brilliant young senator-elect from Indiana is a high priest of expansion. He believes from his soul that it is the destiny of the United States of America to spread out over as much as the earth's surface as can be brought under the folds of the stars and stripes. He believes in holding the Philippine islands. But like a wise man he is not going to get up in the senate of the United States and plead for annexation of territory he knows nothing about. So away he goes around to the other side of the planet to see for himself.

CAMPS IN THE SOUTH.

Secretary Alger Will Maintain the Summer Rendezvous.

Washington, March 22.—Secretary Alger has come to the determination to maintain summer camps for the United States troops in the southern states, and the delegation of Georgians who called upon him yesterday to secure that object will be so informed. It is also the intention to maintain one of the camps in the neighborhood of Atlanta. The only condition is that the present Georgia quarantine regulations, which operate so as to prevent the movements of troops absolutely demanded by the military needs shall be adapted to the requirements.

The number of troops to be located at any one camp will not be large, for it is said at the department that only about 15,000 soldiers will be so located but there is likely to be much changing around among the men. Troops returning from Cuba are to be detained in the Georgia camps about twenty days at least before being sent to their homes or to the northern ports.

A FORSAKEN CHRIST.

Fourth Sermon in the Series of Words From the Cross.

Last night at Christ's Lutheran church Rev. Motschman gave the fourth sermon of the two weeks' series, on the subject "Forsaken." He showed how Christ was surrendered, wholly given up, for a time, by God himself, as a ransom for sin. God so loved mankind as to deliver His own Son to suffer in our stead. This ransom becomes ours at our acceptance thereof. The reasonableness and simplicity of the gospel story of salvation is being shown in a rare manner in these "Words from the Cross." Tonight the theme will be taken from the fifth word, "Thist," basedon, John 19:28.

A QUESTION FOR ALL

Rev. Smith's Sermon Last Evening.

Evangelistic Services at the First Presbyterian Church Continue.

The sermon of Rev. Morton Smith at the First Presbyterian church last evening was deeply impressive, for it throbbed with heart interest and presented in simple, direct language a question vital to every human soul. The audience was a large one despite the threatening weather, and the service was one of the best of the series. The usual song service was held and prayer was offered by Rev. J. L. Leeper. Clinton Wilson sang a solo in an admirable manner and the evangelist announced his text from Matthews, 27:22: "What Shall I do Then With Jesus, Which is Called Christ?" This simple, direct question appeals to men today as strongly as to the people who heard its original utterance nearly 2,000 years ago, and its moment was plainly evident last evening in the wrapt attention which the congregation gave the speaker. In opening, Rev. Smith took up an analytical study of the marvelous Christ, who commanded the attention of the world at the dawn of the Christian era and commands it still. Who is this Jesus? The book of Mark gives a comprehensive answer to the question, and the speaker cited it as the field over which he traveled in his discourse, noting the incidents of Christ's life and bringing out its sublime attributes in a manner that could not fail to impress every hearer. His audience followed his word picture with sustained interest.

St. Mark introduces Christ in the full glory of His work and His power. Rev. Smith referred to Christ's teaching in the synagogue, visiting and healing the sick, driving out unclean spirits, to His preaching in the streets among the meek and lowly, His ministrations covering the entire range of human society from the palace to the hovel—and through it all His frequent turning to God in prayer and meditation. "If we had a spirit like that," said the speaker, "what a glorious time we would have had in Fort Wayne." No wonder the people of Christ's day flocked to Him, yet with His tenderness, compassion and mercy just as radiant today, why do we not all turn to Him? The marvelous miracles and wonderful healing of the Saviour's short life were dwelt upon, and a mental picture of the Christ life was held appealingly up to the audience. Those who but touched the hem of Christ's garment in faith were healed.

Thousands in Fort Wayne, said the speaker, touch in thought Christ's garment daily, but only those who touch in faith get healed of their sins. You may sit near to Christ and never know His wonderful healing grace. Only faith can grasp His manifold mercy. Christian, is there any limit to it? Sinner, does it not meet your case? Scene after scene of the Savior's life was depicted and applied to the needs of humanity today. Then the cruel betrayal. A kiss upon Christ's cheek and the evil was done. Men, said the evangelist, betray the Son of God today. Have a care that you are not one of them. Let your prayer be, forgive me for the past, strengthen me for the present and save me for the future.

Then the mockery of a trial through which Jesus passed. Pilate, the politician, within his own heart convinced that Christ was a just man, lacked moral stamina and gave up the Savior to be crucified. The sinner, said the speaker, stands today where Pilate stood nearly two centuries ago. What will you do with Jesus? Will you turn against Him? You can not escape the question. Some day you and I will stand before Almighty God, with Christ no longer the Man of Sorrows but the Judge of Heaven. "What shall I do then with Jesus which is called Christ?" Settle the question. Settle it now. He is here to heal every sin-sick soul—the same loving and lovable Savior who cleaned mankind of their sins in days of old.

Miss Brehany and Company.

Lovers of good music will not fail to hear Miss Louise Brehany and her company of artists, who appear at Kimball hall tomorrow evening. Selections from the best operas will be given, which will be appreciated by those people who do not desire to listen to the long drawn out music of a regular opera, but who take pleasure in listening to the best parts of one. Each member of this company has studied under the best American teachers. Miss Brehany has that quality of sympathy without which the best trained voice in the world could not impress an audience. She is able to captivate her hearers and hold their attention in spite of themselves. The other members of the company, Walter Wheatley, tenor; George Dethlefs, baritone; Miss Agnes Pringle, violinist; Miss Jessie Walters, singer, and W. Guillaume Sauvlet, pianist, are well known in the musical world and are artists of undoubted ability.

There have been stories going the rounds among the people of Decatur and Hoagland concerning the alleged separation of George McKinsey and his wife. Mr. McKinsey was in town Saturday and explained the matter to Sheriff Melching. He said that Mrs. McKinsey was staying with relatives in the city and that he expected that a reconciliation would soon take place. He said that he didn't understand why rumors of foul play could have gained grounds for circulation.

UTAH KIDNEY BEANS

The Great Kidney and Bladder Remedy.

A certain cure for Bright's Disease Diabetes Dropsy, Stone in Bladder, Gall Stones, Inflammation of Kidneys or Bladder, Incontinence of Urine, Retention in Urine Sedimentary Urine, Scalding Urine, Difficulty in Passing Urine, and Bed-Wetting of Children. Rheumatism, Dropsical Swellings, Pains in the Back, Irritation and Pains in the Bladder, Palpitation of the Heart, Pains under the Shoulder-Blades, Extreme Pains in the Loins, Sallow Complexion, Blotches, Continuous Headache, Great Thirst.

Beware of Liquid Kidney Remedies!

they contain Alcohol. Sick kidneys should not be fed on Alcohol—it aggravates the disease. Utah Kidney Beans are solid; they are concentrated; and they act directly on the kidneys.

Rev. Roland Hall, an eminent clergyman of the Baptist Church, residing at Williamsport, Tennessee, endorses Utah Kidney Beans for the great relief his wife received from using them. Rev. Mr. Hall is known from one end of the State of Tennessee to the other, having been in the ministry for over half a century. This good man would not endorse a medicine or anything else unless he knew beyond the shadow of a doubt that it was worthy. Therefore, such endorsements give Utah Kidney Beans a standing that no other kidney remedy in the country has. Mrs. Hall received great benefit from the use of Utah Kidney Beans; they gave her new strength—and new life. They will lift all sufferers from kidney troubles out of sick beds and restore them to vigorous health. Strength begins to return after the first few doses.

The

Sentinel's New Premium Offer.

What Do You Think Of It?

We have heard of other people making offers but this one eclipses them all. Here it is, and it is only

Good for 4 Weeks

Remember, if you want this offer, you will have to take it quickly, no putting it off, or some one else will get it.

The Sentinel

Has just contracted with The Western Circulation Bureau to make them

A Large Number Life Size Portraits.

They are skillfully executed, beautiful hand-finished "India Ink and French Crayons and Pastels" —three-fourths life size, 16x20 inches.

We appreciate the patronage of present subscribers. You want a portrait; we propose to furnish it. We want new subscribers. Read our offer. During the next 4 weeks one of our representatives will call upon you, showing you a sample of this work, and offer with every THREE MONTHS' SUBSCRIPTION to The Sentinel, to enlarge any picture you may present.

The price of The Sentinel is only Ten Cents per Week, delivered. All present subscribers are entitled to this Premium Offer. Remember, you don't have to buy the frame to get the picture. Frames furnished, however, at reduced prices.

The only expense above the regular subscription price of the paper attached to this magnificent offer, being that the persons availing themselves of it, pay the small sum asked for the portrait.

The Cost!

$1.48 secures an "India Ink." $1.68 French Crayon. $1.98 secures an elegant "Pastel," payable upon delivery of Portrait. Now, these are going to be handsome and first-class workmanship.

You Run No Risk.

The work is guaranteed to be faithful productions of the originals and entirely satisfactory to patrons. All originals returned upon delivery of portrait. Do not pay any money for pictures until delivery is made and work is satisfactory.

MRS. PINKHAM TALKS ABOUT OVARITIS.

Letter from Mrs. Carrie F. Tremper that all Suffering Women Should Read.

Ovaritis or inflammation of the ovaries may result from sudden stopping of the monthly flow, from inflammation of the womb, and many other causes. The slightest indication of trouble with the ovaries should claim your instant attention. It will not cure itself, and a hospital operation with all its terrors may easily result from neglect.

The fullest counsel on this subject can be secured without cost by writing to Mrs. Pinkham, at Lynn, Mass., and asking for her advice.

Your letter will be confidential and seen by women only.

MRS. CARRIE F. TREMPER, Lake, Ind., whose letter we print, is only one of many that have been cured of ovarian troubles by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I was suffering from congestion of the ovaries, misplacement of the womb, irregular, scanty, and painful menstruation, also kidney trouble. I had let it go on until I could not sit up, and could not straighten my left leg. My physician gave me relief, but failed to cure me. Reading the testimonials of different women, telling what Lydia E. Pinkham's Vegetable Compound had done for them, I decided to give it a trial. I had almost given up hopes, as I had suffered untold agony. The first dose helped me. And now, after using eight bottles of Vegetable Compound, one bottle of Blood Purifier, one box of Liver Pills, I am proud to say I am as well as I ever was. I might have saved a large doctor's bill and much suffering, had I tried your precious medicine in the beginning of my sickness. All in the village know I was not expected to live, when I had the first and second attacks. In fact, I had no hope until I began taking your Vegetable Compound. It has saved my life."

NEWS OF THE SHOP AND RAIL

An Old Wabash Conductor is Dead.

LIVED HERE ONCE.

Two Well Known Shopmen Become Farmers.

Homeseekers Make a Grand Rush for Pacific Coast--

A New Line.

William B. Misner died at Logansport Tuesday afternoon after a week's illness with pneumonia. He was forty-four years old and had worked on the Wabash many years, much of the time as a conductor. For three or four years he had been employed on the Detroit division of the line, but prior to that time ran a train on this end of the road. He was a Mason of the thirty-second degree. A widow, three sisters and two brothers survive the deceased.

A New Cincinnati Road.

The Cincinnati Connecting Belt Line Railroad company was incorporated at Columbus, Ohio, last Tuesday. The object of the projectors is to provide better factory sites for Cincinnati than the city now possesses by running a line around the eastern and northern part, connecting the Cincinnati, Lebanon and Northern, the Cincinnati, Portsmouth and Virginia, the Baltimore and Ohio Southwestern, the Big Four and the Cincinnati, Hamilton and Dayton. It is belived that the road will be operated by electricity.

Rush for the Pacific Coast States.

The Northern Pacific and the Great Northern companies were compelled to put on extra trains to handle the home-seekers who took advantage of the low rates to the Pacific coast this week. It is estimated that fully 5,000 people are in the excursion parties and many of them bought only one-way tickets, which indicates that they intend to permanently locate in the west.

From Shop to the Farm.

Frank Vachon and John Zurbrugg, jr., who have been employed in the Pittsburg shops for several years, have tendered their resignation and will engage in farming. Mr. Vachon has purchased a farm nine miles north of the city, near Robison's park, and Mr. Zurbrugg has purchased a farm near Paulding, Ohio. They will leave the shop this week, and will immediately move upon their respective farms.

On An Inspection Tour.

William Borner, district freight agent of the Pittsburg, accompanied by Trainmaster C. E. Walton and Chief Dispatcher W. H. Tigar, are out inspecting division C today. This division extends from this city to Crestline. The party have a special train and will stop at nearly all stations along the line.

A Bridge Builder Dies at Peru.

Charles D. Pierce died at his home in Peru this morning. The deceased was well known to all the Wabash employes in this city, being the company's scale inspector and when not thus employed, working with the bridge carpenters. He has often worked in this city, on the depot and other buildings. The deceased leaves a wife and some brothers and sisters, one of the latter being Mrs. W. S. Dance, the wife of the superintendent of the bridge department of the Wabash.

A Big Funeral Attendance.

An immense crowd turned out at the funeral of Engineer H. E. Barber, at Larwill, yesterday. Besides about every resident of the town, there were a number of people from Columbia City, Fort Wayne and Plymouth in attendance. The Masonic fraternity was well represented, there being over 100 Masons in line in the march from the church to the cemetery. It rained incessantly during the entire time of the funeral.

Pittsburg Engineer W. R. Kilgore is sick and off duty.

Local and General.

Charles Watterson, a fireman on the Nickel Plate road, is taking a few days' rest.

Traveling Passenger Agent Kilgore, of the Pittsburg, is in the city. His headquarters are at Cleveland.

The quarterly meeting of the division officers of the Pennsylvania lines west was held at Pittsburg yesterday. Supt. C. D. Law was in attendance.

J. A. Henry, of the Electric corporation, is in Chicago today.

The employes of the Electric corporation will be paid tomorrow.

Fireman Fred Roembke, who had been sick for about ten days, has reported for work on the Nickel Plate.

William A. Conover, bookkeeper at the Bowser offices, is still quite sick, being afflicted with stomach trouble.

Mr. Fetters, an erecting engineer, has taken a position with the Bass works. He formerly resided in Indianapolis.

Robert O'Neil, fireman on a Wabash switch engine in this city, is sick and Joseph Deegan is filling the position.

John E. Hebert, a son of Engineer Oliver Hebert, has taken a position as hammer boy in the Pittsburg blacksmith shop.

C. E. Burr, superintendent of police of the Pennsylvania company, was Captain Stoll's guest a few hours last evening.

Robert N. Colyer, division freight agent at Detroit of the Wabash, was in the city last night. He was en route to St. Louis.

Joseph Slater will leave this evening for Dayton, Ohio, to look after some business for the Bass Foundry and Machine company.

A. R. Feriter, machinist at the Pittsburg shops, who had a hand injured two weeks ago, was able to report for duty this morning.

Boilermaker John Meyers went to Defiance, Ohio, this morning to do some work for the Wabash company, which will occupy two or three days.

Eastbound passenger train No. 2, on the Wabash, was one and a half hours late this morning. It was delayed by the storm and an unusual heavy train.

The Canadian Pacific railway, following the lead of the Great Northern, has cut its second-class passenger rate westbound from St. Paul to the Pacific coast to $12 50.

J. M. Zollars is sick and Peter Junk is detained at home by the sickness of some member of his family. Both men are employed in the Pittsburg planing mills.

Gus Pierson, of Moberly, Mo., who had been visiting friends in this city, left for his home this morning. He is employed in the boiler department of the Wabash.

William Hockmeyer, the Nickel Plate car inspector who had an arm burned by steam from the steam hose of a passenger train ten days ago, has recovered and is at work again.

W. E. Lindoerfer, after a service of two weeks at the Pittsburg shops, resigned this morning and left immediately for Chicago. He formerly worked in the Baltimore and Ohio shops at Garrett.

Nickel Plate Engineer W. P. Morris and Firemen Frank Maloney and A. J. Hoffman are taking a few days' lay off. They have been working almost day and night for the past two or three weeks.

W. Zimmerman and J. W. Hallisey, Wabash boilermakers, have gone to Delray, Mich., to work a few days. They were accompanied by General Boiler Foreman G. G. Nicol, who will return tomorrow.

Brakemen Blankenbaker and Joseph Hamilton have resumed their duties on the Nickel Plate after a few days' absence. The former was looking after some private affairs and the latter was sick.

Harry Craig, who is now employed in the government navy yard at Washington as a toolmaker, is here spending a vacation with his parents. He is very comfortably situated and likes his position first-rate.

The Western Passenger association has granted half fare, plus $2, from all points east of Utah to Richmond, Va., July 13th to 16th, when the national convention of the Baptist Young People's Union will be held.

W. B. Strang has caused to be filed at Marysville, Ohio, a mechanic's lein to the amount of $48,470 against the Lima Northern railway. This sum covers the amount due Mr. Strang for building a portion of the line.

The first run of the Wabash's new fast mail train to St. Louis and Kansas City was successful, not a delay of any kind happening. This fast mail service to the southwest marks a new epoch in transportation circles.

The snow storm last evening was more severe north and west than it was in this city. At Kalamazoo, on the Grand Rapids road, there was a fall of six inches, while the ground at Plymouth was covered to the depth of three inches. South of Decatur, Ind., there was no snow.

William O'Ryan, who had been off duty several weeks, resumed his place in the laboratory at the electric works this morning.

Henry Bickness, of the Pittsburg blacksmith shop, dropped an iron upon one of his feet yesterday, bruising the member badly.

General Manager Joseph Ramsey, of the Wabash, being at Hot Springs, that company was represented at the Washington conference of the western lines today by Milton Knight, freight traffic manager of the company.

Engine 605, of the class G pattern, a monster trailer locomotive, went to Peru this morning to resume her place in the passenger service. This engine hauls the Continental limited, one of the fastest trains in the country.

A brakeman belonging to the eastern division of the Pittsburg was run down and killed in front of the yard office at Crestline this morning. The name of the unfortunate fellow could not be learned by the reporter of THE SENTINEL.

J. B. Mollon, the switchman who had his left hand injured Tuesday night to the Pennsylvania yards, is getting along nicely at his home, 17 Baker street. In making note of the accident some of the city papers gave the wrong name and address.

Five more recruits for the United States army left over the Pittsburg last night for Columbus, where they will be assigned to regiments and forwarded as soon as they have received a little training. Seven recruits left here for Columbus Tuesday night.

James Gordon, of the motive power department, was summoned to Pittsburg last night, by a telegram from Mr. Potter, who is down there on business for the company. This incident has given rise to the rumor that a nice promotion awaits Mr. Gordon. There is no one more deserving.

Governor Sayers, of Texas, has vetoed the bill authorizing the St. Louis Southwestern Railroad company to buy and operate the Tyler Southeastern road. The ground upon which the veto is based is that the two roads are competing lines. The case is similar to that of the Wabash and the Eel river.

The much needed steel has arrived at the Bass boiler shop and business has assumed a very active aspect in that establishment. The men who were taking an enforced vacation because of the lack of material are returning to work again. William Dowie and E. Crawford resumed operations this morning.

The Union Pacific refuses to join the Western Passenger association and because of this refusal the association will probably pass out of existence. General Passenger Agent Lomax, of the Union Pacific, does not exactly object to an association, but says that his company does not consider the time opportune to join it.

The manufacturers of steel plate are still away behind the orders for that kind of material and this fact is delaying work at all the manufacturing establishments of the country where steel plate is required. The Kerr Murray works is handicapped in this manner, having a number of orders on its books that it is unable to fill promptly because of no steel to do the work.

The railroad projected by the Monon and incorporated under the name of Indianapolis and Louisville, will be a competitor of the Pennsylvania between the cities named. The line will pass through Sullivan, Green and Clay counties, connecting with the Monon at Bedford. THE SENTINEL mentioned the route, including the principal cities touched by the line, a few days ago.

Columbia City Man Bankrupt.

Burdette F. McNear, of Columbia City, has filed a bankruptcy petition at Indianapolis, and shows liabilities of $1,741.18 and $90 exemption. Accompanying his petition is a statement that he invested all his money which was received from his mother's estate in the hardware business with his father and that the business was conducted under the firm name of J. F. McNear & Son. He says that he relied on his father's prudence and sagacity, but that the firm failed and he lost his money. His uncle, the statement reads, is willing to start him again in business, but will not do so until the debts of J. F. McNear & Son are wiped out.
